## Making responsible choices

Trees are amazing! They provide beauty, shade, oxygen, clean air and water, fruit, nuts and wood products such as paper, furniture and housing. These benefits are well known.

**But did you know that thousands of products are made from trees?**

dye  
oxygen  
piano keys  
rayon - books  
fishing floats - inks  
telephone books  
varnish - atlases and maps  
price tags - ping pong balls  
tires - umbrella handles - signs  
automobile instrument panels  
space craft reentry shields - newspaper  
photographic film - newspapers - posters  
football helmets - toilet seats - guitars  
road building materials - insulation

shatterproof glass - artificial vanilla flavoring  
cork - vacuum cleaner bags - movies - stadium seats  
adhesives - decorations - turpentine - camphor - waxes  
fireworks - crayons - tannin - charcoal - pine oil - pitch  
musical instruments - perches for birds of prey - toilet paper  
milk cartons - flooring - bark for landscaping - cardboard  
grocery bags - furniture - chewing gum - paper towels  
oil spill control agents - Christmas trees - hockey sticks  
wildlife habitat - cosmetics - roofs - baby foods - cider - vitamins  
cooking utensils - photographic film - lacquer - pallets - rubber gloves

mulch - clean water - golf tees - egg cartons - nail polish - fence posts - toys  
toothpaste - eyeglass frames - syrup - antacids - shampoo - rubber gloves  
menthol - electrical outlets - medicines - energy for electricity - plates and bowls  
sausage casings - torula yeast - rulers - wooden blocks - houses - notebook paper - cars  
plywood - paper plates - computer casings - stain remover - coffee filters - toothpicks  
movie tickets - carpet and upholstery backsides - imitation bacon - diapers - horse corrals  
postcards - tax forms - sponges - shade - particle board - shoe polish - luggage - bowling alley lanes  
postage stamps - colognes - animal bedding - irrigation piping - fruit pie filling - golf balls - game boards  
suspending agent for drinking soda - pencils - dry wall - baby cribs - baseball bats - lumber - decoys - kites  
magazines - ice cream thickener - step ladders - birthday cards - broom sticks - cider - ceiling tiles  
crutches - backyard play sets - axe handle - food labels - 2 x 4's - candy wrappers  
scenery - party invitations - disinfectants - cd inserts - gummed tape - fruit  
railroad ties - shelter belts - puzzles - swings - baking cups

buttons - cutting boards  
benches - bird houses  
stereo speakers  
garden stakes  
stairways - beds  
tables - barrels  
window frames  
bulletin boards  
linoleum - seesaws  
fishing boats - billboards  
disposable medical clothing  
church pews - totem poles - desks

We get  
so much  
from  
trees!

**How many other tree products can you list?**

# Making responsible choices

**Reduce the font size by 1.**  
Save paper. Help the forests.

MINUS ONE

Smaller Font = Bigger Forests
