

# Single-Use Plastic in the Home: Let's replace the single-use plastics in our homes!

Go on a plastic hunt to find any of the items marked with a red dot. Colour in each item you find and mark with an X.

Fill in the table below with the number of items you find, then refer to Activity Sheet 2 to add up the years that each item would need to decompose.

Item Description	No of items	No of Yrs to decompose
Water Bottle		
Plastic Straw		
Coffee Pod		
Plastic Cutlery		
Toothbrush		
Plastic cup		
Polystyrene Cup		
Plastic six pack rings		

**Total:**

0-50 years = Eco Friendly    51-500 years = Needs Attention  
501-upwards - Alarming: High Usage

Let's find alternatives to take care of our planet Earth!

**Check out and underline**  
if your household is **Eco Friendly,**  
**Needs Attention or Alarming: High Usage**
